- Continuous assessment: 30 %
- End of semester examination: 70 %

Confucius (6th and 5th Century BC)

- *"Without learning, the wise become foolish; by learning, the foolish become wise."*

- "Learn as if you could never have enough of learning, as if you might miss something."

Sarah Caldwell
(6 March, 1924 – 23 March, 2006)

- Learn everything you can, anytime you can, from anyone you can –

- there will always come a time when you will be grateful you did.

President Obama

- When you work very hard "no hill will be too steep and no horizon will be beyond your reach"

- (OBAMA, 2011)

Why Engineering Economy and Management?

- The role of an Engineering Manager includes directing teams of people, managing projects, and planning budgets.

Why Engineering Economy and Management?

- Engineering Managers should be well-prepared to blend technology talents with leadership, management, and financial acumen, whether it is enhancing engineering supply chains or managing big engineering projects and workflows.

Why Engineering Economy and Management?

- It is also critical for engineering managers to have a thorough awareness of new and disruptive technology.
